89-03402/

It is my pleasure to introduce the twelfth annual edition of Manitoba Public Library Statistics.

The 1987 statistical information will provide public libraries with a means to compare activity levels and to set standards of measurement. The format is designed to ensure ready access to data which will be useful in the planning and evaluation of public library services.

My sincere appreciation is extended to all of the public library officers whose participation has made possible the publication of Manitoba Public Library Statistics 1987.

EXPLANATION NOTES

The 1987 statistics have been compared with the 1986 statistics whenever possible. The 1986 statistics are presented in brackets. Within each category, the statistics are divided into two broad geographical areas: those libraries located outside Unicity Winnipeg classified as RURAL; and the library system within Unicity Winnipeg classified as WINNIPEG. Within the rural geographical area, libraries are arranged alphabetically. The Income and Expenditure figures were taken from the 1987 audited statements. The Circulation and Resources figures were taken from the library's annual report, Public Library Services' annual survey and Statistics Canada Annual Survey of Public Libraries.
A dash, -, indicates that no information was submitted.

GENERAL STATISTICS

Effective January 1, 1986, the population of the province and of the municipalities reflects boundary changes and excludes Canadian Forces Base residents. These figures are obtained from Manitoba Municipal Affairs.

INCOME:

Provincial Grant: Total operating and establishment grants paid in respect of the library's 1987 fiscal year under Manitoba Regulation 279/87. The fact that the library's fiscal year corresponds to the calendar year while the provincial fiscal year is April 1 to March 31, may contribute to inconsistencies between the library's audited statement and provincial records. Where this occurs, a footnote is provided.

Operating grants were calculated using 1986 Municipal Affairs population figures, 1987 equalized assessments and 1987 proposed municipal levies. The use of proposed levies in the grant calculation may necessitate adjustment in the subsequent year's grant where the audited statement reflects a levy other than that proposed. Such adjustments are indicated in a footnote.

Grant Per Capita: Total provincial grant divided by the total population served by the library.

Municipal Levy: Total tax income and grants in lieu of taxes from the municipality or municipalities which established the library.

Levy Per Capita: Total municipal support divided by the total population served by the library.

Other: Total funds received from all other sources such as lost books, non-resident memberships, donations, etc. Surplus funds from whatever sources, are not listed here.

Total: Total of Provincial, Municipal and Other Income.

EXPENDITURE:

Personnel: Total amount spent for wages, salaries and fringe benefits for library staff.

Materials: Total amount spent on the purchase of books, periodicals, newspapers, audio-visual materials, microforms and other library materials.

Other: Total amount spent on all other items with the exception of furniture and furnishings.

Furniture/Furnishings: Total amount spent on furniture and furnishings out of current revenue. Expenditures associated with the erection of new buildings or renovations are not listed in this category.

Total: Total of Personnel, Materials, Other and Furniture/Furnishings.

Expenditure Per Capita: Total current expenditure divided by the total population served by the library.

Service Location and Address: Mailing address of central branch of each regional or municipal library. Branches of regional systems listed separately.

Volumes Withdrawn: Total volumes withdrawn.

Volumes Held: Total volumes held (includes reference and paperbacks).

Volumes Per Capita: Total volumes held divided by the total population served by the library.
